Mark Dalton does a good job of snow removal for St. Joe's library. He used to do residences, but not sure if he still does. I would think it's worth a call to find it out if you don't get any other recommendations. If you'd like his number, click on the 'webmaster' link at the bottom of this page and send a message to Mike and he will send you Mark's number. Hope you find someone.
